

## ANNUAL BROCHURE

The brochure with our network of members and other useful contacts is published on an annual basis, in April.

The brochure represents a useful marketing tool appreciated by our members and contacts and it is also distributed to the attendants at all events we organise during the year.

We also send our brochure to the official representatives of Belgium and Luxembourg in Canada (Embassy, trade commissioners, honorary consuls) and we use it for meetings or missions.

All members of CanCham BeLux are mentioned in the brochure at no cost with name, address, website and activity (e.g. law firm, consultancy, engineering, etc)

We give our members the opportunity to advertise in this brochure and to introduce their company to a broad and interested public for an affordable price.

An addendum is posted on the website with all new members after the publication of the brochure.
